

TANLAC MAN TELLS OF DUTIES HE HAS AND WHAT TANLAC DOES

EATS AND SLEEPS FINE NOW AGAIN

Pains in Stomach and Kidney Trouble Disappeared When He Took Tanlac.

PRAISES IT NOW

John W. Long, a well known citizen of Clarksburg for the past fifteen years, aptly described his case and the remarkable relief he secured by taking Tanlac as follows:

"I suffered from pains in my stomach and guess it was painter's colic, as I am a painter, and the fumes from the turpentine affected my kidneys. For a week I suffered terrible pains in my stomach and bought Tanlac because I knew I needed a vegetable preparation to relieve my stomach and at the same time not leave my stomach in bad shape afterwards. Tanlac did it, and my stomach is O. K. now since taking only one bottle and all the pain has gone and I eat, sleep and enjoy life again. My kidneys are acting all right now and I surely see what makes others praise it so highly. It helped me wonderfully."

The following traces are said by authorities to cause workers' kidney trouble more than some others: Painting, varnish factories, printing, chemical works and paint factories.

Uric acid and rheumatic complaints, nervousness, neuralgia and many kindred troubles are best kept out of the system by active kidneys. Be sure they are active. Tanlac to cleanse and build to normal these vital organs. Over a quarter million men and women heartily endorse it. Get it at nearest drug store. Listed below and give it a thorough conscientious trial. Take the tablets found with each bottle first, then follow with the medicine according to directions. Remember, an invalid is not made in a day and nature at first after long neglect acts slowly. But one bottle in most cases is sufficient, yet in many cases more must be taken to be sure of permanent relief.

Thousands Would Never Have Had Sick Day in Their Life Had They Refrained from Excesses Which Cause Most Ailments and Disease.

TOOK TANLAC GETS HUGE APPETITE

Clarksburg Man Joins Army Now Praising New Remedy Causing So Much Comment.

OVER 250,000 PEOPLE NOW ENDORSE IT

"I and my daughter will either have to stop taking Tanlac or else I'll go broke eating everything in sight, for since we started it but a few days ago, our appetites have been restored in remarkable shape," declared another Clarksburg gentleman, H. A. Radcliff, residing at the corner of 5th and Williams St., Northview, and he states he began taking it because Mr. Renfrow, the representative, seemed so sure it would help his rheumatism and poor appetite which he had up until recently, and continuing he said: "The pains in my shoulders and arms have ceased to bother me so much and well, sir, it is positively great to enjoy a real good appetite again. I know I feel a great deal better already and though neither I or my daughter have taken a bottle yet, the results have been so surprising and quick I gladly recommend and urge others to use it."

Tanlac has proven a most efficient blood purifier and kidney remedy and with the kidneys working properly, keeping uric acid and other impurities from the blood, there can be found no better means of ridding the system of rheumatic trouble and keeping rid of it. Remove the cause and permanent relief comes while external applications, temporary make-shifts and neglect of the cause simply means still more suffering later. All the big appetites, fine digestion, energy and vitality one gets after taking Tanlac comes through the normal action of the stomach, kidney and liver. Working properly these vital organs are bound to make one feel good, stronger and better in every way. Tanlac was created to cleanse the system and then build back to normal these vital organs. The result accomplished is well worth many times the cost of one or many bottles of the new medicine now sold through the druggists below.

Mr. Renfrow Urges All to Give Tanlac Thorough Trial It Deserves.

TELLS RESULT OF HIS INVESTIGATION HERE

"As day after day the merit of Tanlac becomes more apparent here in Clarksburg, we find there are fewer and fewer people wishing to class this remarkable preparation with other so-called remedies and nostrums of the familiar 'Patent Medicine variety,'" said Mr. Renfrow, the Tanlac representative, now stationed in this city for the purpose of introducing Tanlac. "It is a pleasure to follow out my instructions for they are very similar to those given physicians in charge of large numbers of people, I imagine. I was told to make Tanlac's powers known here in a thorough way. I was told to follow closely as many cases as possible and report in detail the result. I was told to spare no time or labor to bring the greatest good to the greatest number and never recommend Tanlac where, in my own judgment, it would do no good. I was told that preliminary reports and surveys of the city indicated an alarming percentage of ailments for which Tanlac was created. And now that Tanlac has become a household name throughout this entire country and has met with unqualified success everywhere, I want to say that no medicine could have been more thoroughly or conscientiously introduced. Many people advised by reputable physicians that they had organic trouble, must be operated upon, could never again be well, etc., have found quick and permanent relief in Tanlac, but these cases to my mind are the exception and not the rule and whenever anyone has told me their condition and to my mind Tanlac could not help them, I've told them so. I have carefully investigated case after case here in this city and I'm sure this progressive, costly but thorough work has been appreciated and I cannot urge to strongly that everyone and anyone troubled with stomach, kidney, liver, rheumatic or catarrhal, give Tanlac a thorough trial no matter what the symptoms," declared Mr. Renfrow, "and they should give such troubles immediate attention. Thousands of people right here in this city would never have had a sick day in their life if they had refrained from overdoing and committing excesses against nature's laws. But even now they should take Tanlac if troubled with headache, intense nervousness, pains in the side or back, sore, sour, gassy stomach, constipation, indigestion, catarrhal rheumatic pains and kindred ailments and if they take it they will no longer be without energy, ambition, vitality, sleep and appetite. That is my opinion after having investigated and studied thousands of cases during the past few months and I believe I am in a good position to know. If you were a druggist and thousands told you Tanlac did them a world of good you, too, would recommend it. Doctor, druggist and a quarter million people have publicly endorsed it. Get it today at the nearest drug store listed elsewhere on this page. \$1 per bottle.

of Wayne recall that Jim Hughes, Lilly's campaign manager, wanted to cut off that rich section of Wayne county bordering on the Ohio river and attach it to Cabell county. They will not follow the Hughes lead, and out of the 2,000 to 2,200 Republican votes to be cast in the county Robinson will have a majority of 400 to 600. Mingo is decidedly a Robinson county and the appearance of the Taylor jurist here this week served to strengthen his candidacy. Of the 2,500 Republican votes that will be cast in the county, Robinson will get a majority of from 700 to 1,000. Logan county is decidedly for Robinson and his strength gained much by the appearance there this week of Governor Hatfield on the stump. Of the 2,500 Republican votes Robinson will have a majority of from 500 to 800. Lincoln, with a little over 2,000 Republican votes in the primary will be closer, but will give Robinson a majority of from 200 to 400. The eastern end of the Fifth district will be favorable to Lilly. Wyoming county is debatable and may go either way by a small majority. Of the 1,600 Republican votes expected Lilly will do well to get a majority of 200. Mercer county, boasted as a Lilly stronghold, will be disappointing to the Lilly supporters. Judge Robinson spent Saturday in that county, speaking at Bluefield and Princeton. His visit will serve to make big inroads in the Lilly support. About 4,000 Republican votes are expected in the county and Lilly can consider himself lucky to come through with a majority of from 700 to 800. Summers county will have about 2,000 Republican votes and is the former home of Lilly. Robinson is expected to lose the county by from 400 to 500. Monroe county will have about 1,500 Republican votes. The result there, as in Wyoming will be close, and may go either way. Lilly may carry the county by about 100. Based on the above figures, which are carefully estimated, Robinson will carry the entire Fifth congressional district by a majority of from 2,500

to 3,500, and his majority may be much more. In this connection it should be remembered that Lilly is well acquainted throughout the district, having been a candidate against Hughes for Congress in the district six-years ago. In effect it will be beating Lilly in his home district.

RIGGS BANKERS ARE CLEARED BY JURY TRIAL

In Case Trumped Up against Them by McAdoo and Williams.

WASHINGTON, May 27.—The three Riggs bank officials on trial here for perjury were today found not guilty, after the jury had deliberated nine minutes.

Charles C. Glover, president; W. J. Flather, vice president and H. H. Flather, former cashier, were the defendants. The government contended that when in the celebrated case of the bank against Secretary McAdoo and Comptroller Williams, the three officials signed an affidavit that the bank never engaged in stock market transactions, they had perjured themselves.

The defense of the bankers was that they signed the affidavit on advice of their counsel and that its intent was to swear that the bank never engaged in stock dealings for itself, but officers had executed transactions for depositors and customers, in their personal capacity.

The government contended that entries in the name of the Riggs bank on the books of a local defunct brokerage house proved its case.

The defense was that accounts for customers might have been kept that way but that the bank had no part in it.

The trial was an outgrowth of the bank's civil suit which charged Secretary McAdoo and Comptroller Williams with conspiring to wreck the institution and sought to restrain the comptroller from imposing excessive fines for non-compliance with his orders. A part of the civil suit still is pending.

DAY IN CONGRESS

Senate: Met 11 a. m. Resumed consideration of the rivers and harbors bill.

Postoffice committee began inquiry into lobby against proposed change in system of railway mail pay.

Recessed at 5:20 p. m. to 11 a. m. Monday.

House: Met at 11 a. m. Took up the naval bill.

Adjourned at 6:15 p. m. to 11 a. m. Monday.

PLANNING REVENGE ARE SENATORS NOW

On Blakeslee for Telling Them They Surrendered to Railroad Influence.

WASHINGTON, May 27.—James I. Blakeslee, fourth assistant postmaster general, told members of the Senate postoffice committee at a hearing today that he believed their course in framing amendments to the annual postoffice appropriation bill constituted a surrender to railroad influence.

His declaration brought a storm of protests and counter charges of lobbying from committee members. Blakeslee hotly defended his efforts to defeat the amendments into which the senators were inquiring. No action was taken but an executive session of the committee will be held Monday to determine what course shall be pursued.

Members of the committee declared they had been slandered by the postoffice official and intimated that the matter might be brought officially to the attention of President Wilson.

Senators Vardaman, Martine and Hardwick were particularly incensed by Mr. Blakeslee's statements. Vardaman and Martine declared they could not countenance such an attack, even though they had been in complete sympathy with the amendments under discussion.

Blakeslee was called to explain letters he had sent to postmasters at Indianapolis, Louisville and twelve other cities urging them to communicate with Congress protesting against the action of the committee inviting amendments to the postoffice bill, particularly with relation to the rural mail service, which he directs and to the railway mail pay feature. The committee has disavowed with recommendations of the department. In the latter connection Blakeslee charged in his letter that the committee had made "a complete surrender" to the railroads.

Great Demonstration At Home of Roosevelt

By Hundreds Who Assure Him of Their Support for the Presidency.

OYSTER BAY, N. Y., May 27.—Hundreds of persons came here today in three special trains from New York and marched from the railroad station to Sagamore Hill in columns four abreast, to pay their respects to Colonel Theodore Roosevelt in the event of his nomination for the presidency.

The marchers, headed by the regiment band, sang "The Army and Navy Forever" and other popular airs. Richard M. Hurd, who was spokesman for the delegation, in addressing Colonel Roosevelt said:

"Lincoln said this nation could not endure half slave and half free. It is equally true as you have pointed out that this nation cannot endure half hyphenated and half American."

Colonel Roosevelt addressing the visitors from the porch of his home said in part:

"We have a right to demand of every man who comes here and becomes a citizen, that he become an American and nothing else. You cannot expect to get loyalty from the immigrant or the immigrant's children, unless you make this a country to which a proud man can be loyal, and to do that you have got to demand that the country stand for courage and for strength. No man ever was yet who was loyal to a coward."

HUNDREDS TURN OUT TO HEAR S. F. REED

Secretary of State Addresses a Great Crowd of Voters at West Union.

WEST UNION, May 27.—One of the largest political meetings in the history of Doddridge county was held here this afternoon when Secretary of State Stuart F. Reed addressed a monster gathering of voters in behalf

of his candidacy for the Republican nomination for Congress from this district. The large crowd was filled with an audience representative of Doddridge's citizenry. There were a large number of farmers in the crowd, many of them making a trip of several miles to hear the secretary speak.

Mr. Reed was introduced by Captain H. Ramsey in a few well chosen words. The secretary immediately plunged into a discussion of the issues of the campaign and his masterful presentation of his subject was roundly applauded time and again. His speech lasted for over an hour, and he was given rapt attention throughout.

It was strictly a Reed crowd that attended the meeting. The manner in which the secretary was greeted attested to that fact. The Reed sentiment is now at high tide in this county. There never has been any doubt but that he would carry this county, but after his meeting today many conservative Republicans estimated that the vote would be five to one in his favor.

POSTAL

Clerks Are Preparing for Big Gathering at Huntington State Convention.

The state convention of postoffice clerks this year promises to be the most largely attended of any state gathering yet held by the postoffice clerks. It will be held at Huntington Decoration Day, and the local postoffice will be well represented.

Two sessions will be held, in the morning and afternoon. The Huntington clerks and carriers will give a banquet in the evening to the incoming and outgoing postmaster, and to the delegates who attend. They are making elaborate arrangements for the meeting.

United States Senator Chilton, and Governor Hatfield have been invited to attend and give addresses. Others have also been invited to attend, including some of the national officials of the postal clerks' organizations.

Wheeling is the first city in the field after the next convention. The Commercial Association has already written the officers extending an invitation to hold the gathering here.

Nearly every first and second class office in the state will be represented. The following branches have reported that they will have delegates at Huntington: Wheeling, Clarksburg, Sistersville, Charleston, Keyser, Weston, Logan, Welch, Montgomery, Lewisburg, Morgantown, Grafton, Bluefield and Parkersburg.

HIT BY CAR

Young Bailey is Rendered Unconscious and Sustains Cuts on the Head.

Douglas Bailey, son of Mr. and Mrs. Frank B. D. Bailey, of Carr avenue, was knocked unconscious Saturday afternoon by the running board of Burke Morris's automobile on the East Main street bridge across Elk creek. He sustained gashes on the head. The car skidded from the street car rails on the bridge to the sidewalk, where young Bailey was. He was taken to the home of his parents and is reported as doing very well.

SECRETARY REED HERE.

Secretary of State Stuart F. Reed arrived in the city Saturday night from West Union, where he addressed a great crowd of Doddridge county voters in the afternoon. He will spend this week in Harrison and Lewis counties, but has no speaking engagements.

BEGINS TERM.

ATLANTA, Ga., May 27.—David Lamar, the "Wolf of Wall Street," convicted in New York of impersonating an officer of the federal government, today began a two years' term in the Atlanta penitentiary.

Agents Wanted

An exclusive agent is wanted in every town and village in West Virginia. Druggists, act quick. Write T. C. Prince, 102 E. Broad St., Richmond, Va.

REASONS

For Supporting the Young Woman's Christian Association in Clarksburg.

Reasons why the Clarksburg Young Woman's Christian Association should be sustained are here stated:

Because a suitable building would serve as a center for all women of the city.

Because the association is a practical, every-day-in-the-year agency for the betterment of young women.

Because there are a hundred and one attractions of a demoralizing nature open to young women. A well equipped association is a great counter attraction.

Because there are many self-supporting young women away from

their own homes who find the association a "real home"—a place in which to entertain their friends.

Because it is a social center, where needed recreation may be had under wholesome conditions.

Because the work must not be retarded.

Because hundreds of young women will be introduced to influences which make better homes and better citizenship.

Because it is a place of help for the girl who has never had a chance. The campaign for the Young Woman's Christian Association is on this coming week. Let everybody help.

SOUTHERN COUNTIES LINE UP FOR ROBINSON

Great Republican Strongholds There Will Be Carried by Him by Big Majorities.

WELCH, May 27.—All the talk circulated by the opposition that the opposition to Judge Ira E. Robinson, candidate for the Republican nomination for governor, will carry McDowell county by a majority ranging from 2,000 to 3,000 and furthermore, he will carry the Fifth congressional district by a handsome majority. This prediction is based upon careful, unprejudiced reports from the various precincts by persons who are familiar with conditions, and is made regardless of the boast of the Robinson

son opposition that the Vinson-McKell-Houston combination has agreed to turn \$30,000 into McDowell county. At most Robinson will get 2,000 majority in the county and with a fair election it will be nearer 3,000. McDowell is expected to cast between 6,000 and 6,500 Republican votes in the primary, based on the 1912 election.

The boast has been made that Governor Hatfield has lost his power in McDowell county. The primary election will show that this boast is not based on fact. The large number of colored voters are almost solidly for Robinson and they are not for sale. This is their permanent home and their ballots will go in on June 5 marked for Robinson.

In Wayne county the sentiment is strong for Robinson. The residents
